

F. B. CATE REAL ESTATE AGENCY

In looking over our large list of real estate placed with us to be disposed of this coming spring, we find in order to dispose of the same, we must place a very low price on every piece we offer, and we have convinced the several owners that it is best to cut the price to the very lowest, so no matter what you want to buy you will find us a help to you.

If you are thinking of going on to a farm in the spring it is well to be looking for the right one and be ready to commence work as soon as the season is ready. We have a large number on our list and no doubt some one of them is just the one you want. Come in and look over our list of city property. Let us show you a sample of granite from a quarry we have listed with none better on the hill.

Our office is open evenings (except Thursday evenings) and our team is always ready to show you the property. Remember the place,

ABOUT THE STATE.

Items of Interest Gleaned from Our Exchanges.

An individual communion set has just been presented the Congregational church at Peacham by a former member W. A. Nicker, of St. Johnsbury.

Burt Loveland was arrested at Bennington Friday and placed in jail pending a hearing. He is charged with keeping a dog that ran deer. The dog was shot by Jonas Waller while it was chasing a deer.

Forty thousand lake trout will be shipped from the state hatchery at Roxbury next week to Manchester, Calais, West Danville and Willoughby lake. These trout are two years old and 6 inches long.

The prison directors completed their quarterly inspection and inventory at Windsor Friday. Nothing out of the ordinary was discovered. There are 172 persons confined there and all excepting two aged prisoners were found to be in good health.

Stephen Billado, who testified against his brother, James Billado, for selling liquor at Enosburg Falls, and who it is said, fears arrest for a like offense, left yesterday for parts unknown. It is thought, however, that he has gone to Clarencetown, Que.

Mrs. Samuel Mills of South Ryegate celebrated her eighty-first birthday last Tuesday. A tea party was arranged for her at the home of her son, Samuel Mills, Jr., to which nine elderly ladies were invited. All enjoyed a pleasant visit with Mrs. Mills, who is in the best of health and spirit.

Papers have been filed in the Addison county clerk's office giving notice of the purpose of the Addison County Telephone Co. to apply to the next session of the county court to dissolve that company. It is said that the business will be conducted thereafter, by a private party.

The Times questions whether there is a town in the state where the poor bill is as low as in Groton. Only a trifle over \$2 was paid in this town last year for the poor. This is a condition the town may justly take a little pride in, for the fact that no needy poor are permanent residents of the town speaks well for our people.—Groton Times.

Slayton & Sanders, who have conducted a drug business at the old Dwell stand in Morrisville for the past three years, sold out yesterday to L. A. Wadley, formerly in business at Newport, and possession was given at once. Mr. and Mrs. Wadley are both experienced druggists. Dr. Slayton will remain in town and continue his practice. Mr. Sanders is undecided as to his future plans.

The body of J. E. Albee, brother of C. S. Albee of Rutland, recently found murdered at Ames, Neb., has been given by the Ames authorities to the Nebraska Medical college. The relatives are very indignant as they expected to bury the body in the family lot at Amherst, Mass. It is believed the college sent a photograph to the wrong man in Vermont to mislead the relatives and avoid legal complications.

Orders have been issued by the Central Vermont railway to have placards and bulletin boards prepared for use at the Burlington and Essex Junction stations. This action is taken in accordance with the suggestions made by the state board of railroad commissioners held in Burlington about a week ago. The placards will be attached to the various trains, giving the destination of the different coaches, while the bulletin boards will announce the arrival and departure of trains. The railroad commissioners did not make an order in the matter but, owing to numerous complaints, made the suggestions, which have been adopted.

Preparing to Build Bethel Railroad.

Bethel, March 6.—Members of the firm of Ward & Douglass and Varnam & Gilpin have been in town looking over the ground, proposing to take the contract for building the Bethel Granite Railway.

Hotel at Pigeon Hill Burned.

Swanton, March 6.—Barney Mullin, formerly of Swanton, who has been keeping a hotel at "Pigeon Hill," St. Armand, Que., suffered the misfortune last night of losing his entire property, which was destroyed by fire. The fire caught in the barn, although it is not known just how it caught.

Brought Deer on Load of Wood.

Montgomery Center, March 6.—Jason Casavant brought in a deer on a load of logs one day last week. The deer's leg had been broken and had healed, but it was unable to travel in the snow. Game Warden H. M. Martin was notified and he arranged to have the animal kept by Joel Brown for the present.

No Fire Protection at Hardwick.

Hardwick, March 6.—This village is partially without water, many families being obliged to melt snow to use. There is no fire protection, and in case a fire broke out, conditions would be very serious.

Fish Can Talk.

Paris, March 5.—Curiously interesting experiments are being made at the Museum of Natural History on the subject of the language of fishes.

Professor Pellegrin, the well-known French scientist, has discovered that out of 3,000 different species of fishes about fifty-two speak.

Professor Pellegrin is engaged in fixing the meaning of the sounds made by the fishes under observation, and in establishing the difference in the "cries" of pain, pleasure, etc.

Barton to Have New Bank Building.

Barton, March 6.—The stockholders of the Barton National bank and the Barton Savings bank have appointed a joint committee, consisting of H. C. Pierce and Henry Cutler, to arrange for the construction of a new banking building here next summer.

A FACT PROVEN.

Should Convince Even the Most Skeptical of Its Truth.

If there is the slightest doubt in the minds of any that Dandruff germs do not exist, their belief is compelled by the fact that a rabbit inoculated with the germs became bald in six weeks' time.

It must be apparent to any person therefore that the only prevention of baldness is the destruction of the germ—which act is successfully accomplished in one hundred per cent. of cases by the application of Newbore's Herpicide.

Dandruff is caused by the same germ which causes baldness and can be prevented with the same remedy—Newbore's Herpicide.

Accept no substitutes. "Destroy the cause you remove the effect."

Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

ONLY \$301 LEFT TO PLAINTIFF.

Higher Courts Cut \$10,000 Awarded Until Little Is Left.

Rutland, March 5.—Gilman B. Wilson, the plaintiff in a Bennington county marble case, which attracted much attention here in the October, 1903, term of United States court, will get only \$301 of a \$10,000 judgment found against W. G. Freedley, the defendant, according to a decision of the United States circuit court of appeals. Judge H. H. Wheeler reduced the verdict to \$4,700, and the higher court has cut this on a writ of error.

A SHORT LIVED BUSINESS.

A St. Johnsbury Hardware Store Closed by the Creditors.

St. Johnsbury, March 5.—The hardware store opened about two weeks ago in the Avenue House building by Stephen J. Pearce, has been closed, the estate backing the enterprise proving worthless. An agent of the Dana Hardware Co. of Boston, the heaviest creditors, has been here and it was largely owing to the result of his investigations that the store was closed. Each firm will take back the goods sold Mr. Pearce.

Extension of World's Largest Farm.

The largest farm in the world, which until recently was in Missouri, has been extended into Iowa, says the Kansas City Journal. It is owned by David Rankin and his son, W. F. Rankin, of Tarkio, Mo. The elder Rankin is worth \$1,000,000 and has made it by farming. He owns 23,500 acres in Atchison county and, being still afflicted with the desire to own more land, had to reach into Fremont county, Ia., the other day, when he bought 3,500 more acres. Rankin never sells. He is a cattle king, a corn king, a land king, a philanthropist and a captain of industry. He employs about 800 persons, representing 1,500 population.

Strikes Hidden Rocks.

When your ship of health strikes the hidden rocks of Consumption, Pneumonia, etc., you are lost if you don't get help from Dr. King's New Discovery for Consumption. J. W. McKinnon of Tallapoosa Springs, Ala., writes: "I had been ill with pneumonia, under the care of two doctors, but was getting no better when I began to take Dr. King's New Discovery. The first dose gave relief and one bottle cured me." Sure cure for sore throat, bronchitis, coughs and colds. Guaranteed at the Red Cross Pharmacy and Parlor Drug Store. Price 50c and \$1.00. Trial bottle free.

How to Make Hens Lay.

Hens pay, if they lay—as every experienced poultryman knows. The problem is how to make them lay. E. Porter of Waterville, Me., seems to have solved the problem satisfactorily. Read what he says: "As to 'Page's Perfected Poultry Food' will say that I have used it lightly in my flock of 50 hens and am much pleased with it. Have used it more or less for two years past and expect to continue. Haven't seen any I like better. My flock are laying well—822 eggs in April."
